

# 13 & 18-Gallon

Easily the quietest in the industry, this high-performance industrial vacuum gives you the power to get the job done faster and more efficiently. Popular in the quick-lube industry, the Mi-T-M industrial vacuum is engineered for continuous duty. No filter conversion is necessary so you can go directly from a wet to dry clean-up. Designed for professional use, the poly construction canister carries a lifetime warranty.

**Wet and dry filter with no conversion necessary**

MV-1300-OMEV

MV-1800-OMEV

**Easily the quietest in the industry, the Mi-T-M industrial vacuum has a decibel rating as low as 51.2... compare that to other vacuums that are rated at 59 decibels or higher and you'll hear the difference.**

**Motor**

- Two stage blower motor for longer life
- Self-cooling motor design

**Components**

- Exhaust air ducting reduces the possibility of motor contamination by dirt or moisture
- Electrical system is double-protected
- 25-foot electrical cord
- Electrical cord wrap
- Recessed wheels and clamps
- Filter efficiency 99.5% to 1.0-micron (optional HEPA filter 99.7% to 0.3-micron)
- Drain outlet
- Wet **and** dry filter (no conversion necessary)

**Construction**

- High impact poly construction canister with lifetime canister warranty
- Industrial-grade polyolefin wheels with stainless-steel shafts

**Miscellaneous**

- Quiet operation
- Stackable design for easy storage
- Eliminates airborne particles through exhaust
